Dear Mr Martin

Public Consultation for Proposed Telecommunications Structure at Parwich Tennis Club, Creamery Lane, Parwich, Ashbourne, DE6 1QB

Pegasus Group are working as Planning Consultants in partnership with Shared Access, who are preparing a planning application for a telecommunication structure to be situated at Parwich Tennis Club, Creamery Lane, Parwich, Ashbourne, DE6 1QB. The installation will improve network coverage in the local area for O2 and Vodafone customers. Vodafone and O2 also provide network coverage for the following Mobile Virtual Network Operators. Giffgaff; Tesco Mobile; GT Mobile, LycaMobile, Talk Mobile; Allpay Mobile, Cortel Telephone, Glemnet; Highnet; Kontakt Mobile; Lebara Mobile, Ownphone, TalkTalk Mobile, and Zest4 Mobile.

A Site Location Plan is included with this letter to show where the equipment will be sited

Shared Access has been working with Parwich Tennis Club to propose a scheme involving a telecommunications structure which will be 12.5m to the top, this being the minimum height possible to achieve the required radio coverage, with the mast being painted green.

Shared Access is a property company that specialise in developing telecommunications infrastructure. The company operates in the United Kingdom and Ireland, where they have built, acquired, own and manage approximately 500 sites. Shared Access are the exclusive managing agent for the Office of Public Works (Irish Government) and have exclusive partnerships with national governing bodies, including the Football Association and the Lawn Tennis Association, to provide investment into grassroots sport and facilities.

The telecoms structure will deliver next generation 4G communications infrastructure to the area, as well as improve coverage for other existing technologies. The 4G network will provide exceptionally fast internet to local residents and businesses. As you may be aware, the Government promotes new telecommunications development, as it contributes to improving communications and encouraging economic growth.

The proposal will be fully compliant with standards set down by the International Commission on Non-Ionizing Radiation Protection (ICNIRP) ICNIRP is an independent scientific organisation whose aim is to provide guidance and advice on the health implications of telecommunications development.
